Oracle Commerce Merchandising | Oracle Commerce Experience Manager

BOLT Core – cont'd

BOLT SDK

- Automates entire process of spinning up fully-customized development environments
- Environments ready in minutes – not days/weeks
- Simplifies day-to-day tasks and eliminates friction points throughout development process

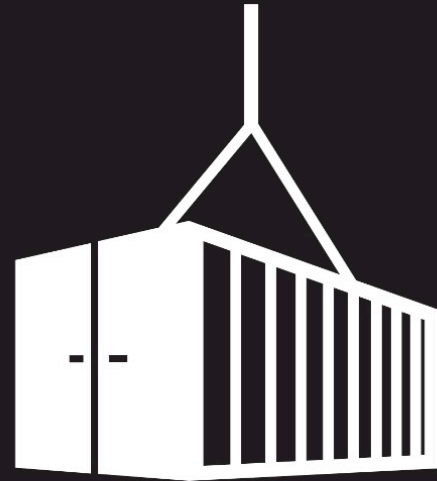

BOLT Core – cont'd

BOLT Deployment Framework

- Enables push-button deployments to virtually any environment
 - Conventional data center
 - Public/private cloud
- Infrastructure as code paradigm allows reliable, agile infrastructure
- Enables rapid scaling

Focus on your customer.
Not your technology.
